### **RE-VAL-T**

BUILD RELATIONSHIP WITH CLIENT

PROVIDE VALUE TO CUSTOMERS

MAINTAIN TRUST WITH ALL STAKEHOLDERS

# BACKGROUND

**Revalt Business Solutions** has achieved many milestones since it launched its operations.

We have an Extensive experience as leading suppliers, Exporters and service providers with relentless performance and commitment to excellence, **Revalt Business Solutions** has acquired name with respect to quality and prompt services.

We have dedicated teams for marketing, Sales, quality and finance who scrutinize each and every product & services with regards to price and quality and other fulfillment before proposing the same to our clients. We maintain consistency in quality and timely service.

We keep improving the quality of our products and services and look forward to introduce a wider range of products to our customers to meet their procurement needs.

We have ventured with esteemed logistic companies to provide safe & secure delivery.

# AREA OF EXPERTISE

Our market research concluded that there is a growing demand with the companies who produce finished products for them to identify the right manufacturers or resellers to procure raw material and associated products at the right price.

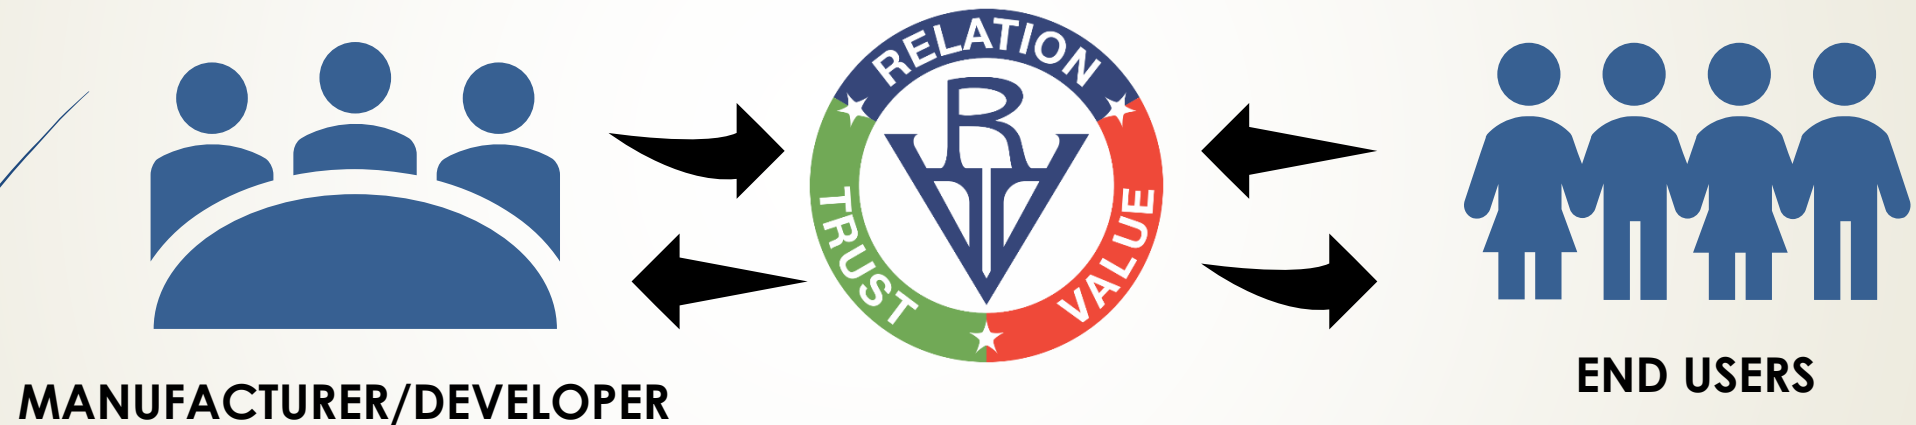

Both the Manufacturers and Buyers require to have a workforce to identify end-customers and Suppliers respectively, **Here Revalt Business Solutions act as an intermediary.**

Many Companies have started a trend to outsource this process which has helped them to scale up their operational capacity and efficiency and in-turn increase the profit, Since it avoids them with operational cost and work-force costs.

In order to fulfill the demand and supply **Revalt Business Solutions** has managed to become an indispensable valued associate between manufacturer resellers and customers as a vendor partner.

# PRODUCTS & SERVICES

**Revolt Business Solutions are one of the leading Suppliers and Exporters of Uniforms, Footwear, Garment accessories, Paper Products and office Stationery to Schools, Colleges, Offices and other private institutions.**

We make sure that we venture with esteemed and relevant manufacturers and choose the products appropriately and carefully pay attention to detailing with design and quality control as per our end customers specifications.

We have a team dedicated to the motive to always satisfy our customers from our services. Our team of sales and technical support, travel to different factories and visiting existing & prospective customers reinforcing its emphasis on total customer service. Appearance, Quality, Durability, Strict conformity to specification and timely deliveries of our products is truly the most important criteria that we follow.

We have also started offshore IT-Services and Consulting in business analytics and forecasting for product companies.

Our Analytics Consultation services can be used by our clients for effective decision making.

Our business analytics experts provide insights that inform business decisions and can be used to optimize business processes, Allocate finances, manage Inventory which will provide competitive edge for the companies to grow.

Our IT-Services include backend operations and data entry.
